Thus, Tamil Nadu is allotted its due share of vacancies like other states. All vacancies for Tamil Nadu are by and large fully subscribed. However, to ensure that vacancies allotted to each State are utilised by that State, the Govemment has issued instructions that the allotted quota to a State may not be diverted to any other State in case of some shortfall in the recruitment.

With the introduction of the new recruitment policy with effect from 1st April, 1998, all recruitment is made through open rallies. Regular rallies are held in Tamil Nadu also covering all parts of the State to meet the targeted recruitment. There is no problem in recruitment from Tamil Nadu.
